Welcome message

■ Welcome message

Dear Colleagues,

welcome in Belgrade at the **7th European Congress for Integrative Medicine**, "The Future of Comprehensive Patient Care" (ECIM), joined with the **12th Biennial International Symposium on the Bi-Digital O-Ring Test**, **30th Annual International Symposium on Acupuncture, Electro-Therapeutics and latest Advancements in Integrated Medicine** and **1st Serbian Congress for Integrative Medicine**. The aim of the congress is to promote health and develop integrated and sustainable treatment for acute and chronic disease.

The central topics of the Congress are the efficacy of Complementary Medicines and practices, their integration with the conventional medicine and the future development of Integrative Medicine. One of the aims of ECIM 2014 is the creation of a network between the researchers and medical doctors, and both of the official and Complementary Medicine, to stimulate the scientific exchange and constructive dialogue and promote the actual integration of the different branches of the medicine.

Therefore, this Congress offers an important opportunity to approach this decisive challenge for the future of the Integrative Medicine. The experts and authorities of the integrative and mainstream medicine will exchange their experiences within many topics. In the conference program other subjects of great interest are included, such as the integration of Complementary Medicine in the healthcare as in the educative systems in Europe. This scientific event has the aim to develop the basis of a platform on the main guidelines of the clinic and research for the future, the possible models of integration and development for Complementary medicine in the European and international perspective.

7th European Congress for Integrative Medicine, organized by "Serbian Association of Integrative Medicine" as a member and part of European Society of Integrative Medicine with strategic support of Serbian Medical Society, Serbian Ministry of Health, the Local Medical Association, the Regional Health Authority and with the patronage of many Serbian and International bodies and institutions, Serbian Universities, together with the Charité University of Berlin, with National Tourism Organization of Serbia, Tourist Organization of Belgrade and valuable assistance from the Serbia Convention Bureau.

We hope that ECIM 2014 in Serbia will enable ESIM to establish its presence strongly in this part of Europe, and to widen personal contacts for future scientific cooperation and networking.

The Congresses are accredited with CME credit points.

Thanks to you, the participants of the 7th European Congress for Integrative Medicine, we are confident that it will be successful and memorable.

We hope to be good hosts and you will enjoy in Belgrade and Serbia.

Congress Presidents:

Prof. Momir Dunjić

*President of Serbian Association
of Integrative Medicine*

Prof. Slaviša Stanišić

*Vice President of Serbian Association
of Integrative Medicine*

Belgrade Declaration

BELGRADE DECLARATION

ECIM 2014 7TH European Congress for Integrative Medicine

Strong support for establishing European Consortium of Academic Health Centers for Integrative Medicine (ECAHCIM)

Belgrade, Serbia
October 10 - 11, 2014

Health is not just the absence of disease; it is a state of physical, mental, emotional spiritual and social well-being.

There is a permanent need to transform health care in order to keep the health. Employing a personalized strategy that considers the patient's unique conditions, needs and circumstances, it uses the most appropriate interventions from an array of scientific disciplines to heal illness and disease and help people regain and maintain optimum health and prevent negative environmental influences that affect a person's health.

The only way to achieve this strategy is to move the boundaries of the existing field of medicine towards including the wisdom inherent in healing the whole person –mind, body and spirit. It can be done only through Integrative medicine that makes use of all appropriate therapeutic approaches, healthcare professionals and disciplines to achieve optimal health and healing and where the patient is the center of all activities.

On the 6th ECIM, 2013, Berlin, Germany, the initiative for defining and acceptance declaration (BELGRADE DECLARATION) was adopted, related to establishing European Consortium of Academic Health Centers for Integrative Medicine (ECAHCIM).

This initiative has been strongly supported by Consortium of Academic Health Centers for Integrative Medicine (CAHCIM), Washington, USA.

The participants of ECIM 2014 recognized the importance of defining mission and vision to bring the experience, expertise and valuable methods of Integrative Medicine in order to improve the health of patients around Europe.

Mission

To improve the quality of medical care by preserving and advancing the principles and practices of integrative healthcare within academic institutions, health service, governments and other relevant regulatory institutions worldwide Europe .

By accepting and signing the Belgrade Declaration these institutions would become members of European Consortium of Academic Health Centers for Integrative Medicine (ECAHCIM).

Mission incorporates the prevention of diseases through education, promotion of healthy lifestyles and systematic application of natural resources by trained physicians of integrative medicine.

Declaration

Vision

Education of medical providers and patients will allow them to understand the value and integrate into their clinical practice the time-proven methods of Integrative medicine.

This is particularly important because the European aging population requires an integrated approach to treat effectively many chronic diseases and to improve the quality of life.

Plan is to achieve goal by establishing coordinated educational and training efforts.

Goal is to engage the finest international experts in the field of Integrative medicine and to task them with developing the best training and educational materials.

These experts will work in a collaborative manner. They will adhere to the highest ethical standards and work steadfast to bring mission to fruition. Also, they will respect any regional, cultural and ethnic differences.

All educational materials will be available to those who seek knowledge and who consider the best interest of their patients as their primary goal.

The educational materials will also be available to all patients who want to improve their health.

Collaborative endeavor is not only duty, but also a tribute to many of those who dedicated their lifetime work to this cause.

This work will be a great honor to continue for the benefit of eliminating diseases, and improving health and well-being of people around Europe.

Project Outline

It is recognized that this long-term project of introducing and implementing all authoritative institutions and professionals that are dealing with Quality of Life will be implemented in different phases, including harmonization with paradigm of great clinical relevance .

As the first step in this long process, the following points for future work are:

- Transforming Health Care educational program (e.g. schools of medicine, nursing, pharmacy and allied health) worldwide Europe by incorporation of sufficient information related to evidence-based knowledge of Complementary Medicine.
- Recognition of the sacred and healing nature of the relationships between patients and health care providers and acknowledge that humanism, compassion and caring are central to health and healing.
- Recognition that the empowered patient is the responsible central actor in healing, self-care and prevention and that person's right about making decision related to the choice of healing is the imperative for medical provider.
- Organizing health care system that creates an environment which supports healing relationships and recognizes that in order to be healing and empowering, healers themselves must be restored and whole.
- Support truly integrative medicine that offers the highest standards of excellence in a full and complete array of care modalities
- Embracement of the spiritual dimension of life and acknowledgement of the importance of context and intention in the healing process for patients, caregivers and medical providers.
- Belief in giving voice to the patient, in the openness of healers and in honest and supportive communications among all members of the Health Care Community
- Support the efforts of medical providers to develop open – minded integrative approach, which is as important as medical knowledge and technical skills to the process of healing.
- Dedication to the change necessary to bring about the achievement in an optimal healing environment expressing the need for urgent action by European Council, all European countries' governments, European Academy of Science and Art, European Universities, European Health Care institutions, and all health and development workers that could be inside the European Consortium of Academic Health Centers for Integrative Medicine (ECAHCIM) in order to protect and promote the health of all people around Europe.

- Prof. Dr. Radoje Čolović (Serbia)
- Academician Sergey Panteleymonovich Sitko (Ukraine)
- Prof. Dr. Srđan Stojanović (Serbia)
- Dr. Srđan Verbić, Minister of Education, Science and Technological Development of the Republic of Serbia
- Prof. Dr. Tomislav Jovanović (Serbia)
- Academician Dr. Vladeta Jerotić (Serbia)
- Prof. Dr. Vuk Stambolović (Serbia)
- Prof. Dr. Stevan Ilić, Dean of the Faculty of Medicine, University of Niš (Serbia)
- Prof. Dr. sc. Zorica Vujić, Dean of the Faculty of Pharmacy, University of Belgrade (Serbia)
- Dr. Zlatibor Lončar, Minister of Health of the Republic of Serbia
- Prof. Dr. Nikola Grujić, Dean of School of Medicine Novi Sad (Serbia)
- Prof. Dr. Ljiljana Živković, dekan Fakulteta Zaštite na Radu u Nišu
- Prof. Dr. Dragan Antić, Rector of University of Niš

■ 12th Biennial International Symposium on the Bi-Digital O-Ring Test

President:

Prof. Dr. Yasuhiro Shimotsuura,
Visiting Prof., Kurume University,
Kyusyu University of Health&Welfare,
President of Japan BDORT Medical Society
(Japan)

Co-President:

Prof. Dr. Momir Dunjić,
School of Medicine, University of Pristina
Faculty of Pharmacy, European University Belgrade
University Alma Mater Europea-ECM Maribor
President of Serbian Association of IM (Serbia)

Committees

- Prof. Dr. Yoshiaki Omura, President, International College of Acupuncture & Electro-Therapeutics; Adjunct Prof., Dept. of Family & Community Medicine, New York Medical College; Director of Medical Research, Heart Disease Research Foundation; Executive Editor: Journal of Integrative Oncology, Editor-in-Chief, Acupuncture & Electro-Therapeutics Research, International Journal of Integrated Medicine (USA)
- Prof. DDS Dominic P. Lu, School of Dentistry, University of Pennsylvania, Lehigh Valley Hospital (USA)
- Prof. Dr. Hideo Yamamura, Emeritus Prof., Tokyo University (Japan)
- Prof. Dr. Takesuke Muteki, Emeritus Prof., Kurume University (Japan)
- Prof. DDS Marilyn Jones, Int. College of Acupuncture & Electro-Therapeutics, Houston Holistic Dental Clinic Center (USA)
- Prof. Dr. Francesco Ceccherelli, University of Padua (Italy)
- Prof. Dr. Victor Lisenjuk, Ukrainian National Medicine, University of Kiev (Ukraine)
- Ass. Prof. Dr. Harsha Duuvi M.D. M.P.H., New York Medical College (USA)
- Prof. Dr. Kemal Nuri Ozerkan, School of Physical Education and Sport, Istanbul University, President of Turkish BDORT Medical Society (Turkey)
- Dr. Sumie Iwasa, Director of Brazilian BDORT Medical Society, Board of The Brazilian Medical Acupuncture Association, Federal University of Uberlandia (Brazil)
- Prof. Dr. Karo Maeda, Tokyo Women's Medical University, Maeda Integrative Medicine Research Institute, Yokohama City (Japan)
- Dr. Jojima, Takashi, President of Brazilian BDORT Medical Society (Brazil)
- Prof. Dr. Oyunchin Meg Ch, School of Nursing, Health Sciences University of Mongolia (Mongolia)
- Prof. Dr. Akira Kawashima, Aoyama Institute of Natural Medicine, Tokyo Women's Medical University (Japan)
- Prof. DDS Tatsuo Fukuhara, Showa University, Fukuhara Orthodontic Clinic (Japan)
- Prof. Dr. Cyuzo Tanaka, Meiji University of Integrative Medicine (Japan)
- Prof. DDS Tatsuo Fukuhara, Showa University, Fukuhara Orthodontic Clinic (Japan)
- Prof. Chieko Hirobe, Former Prof., Seisen Woman's University (Japan)
- Assoc. Prof. Dr. Satoshi Ayuzawa, Acupuncture, Dept. of Public Health, National University Corporation Tsukuba University of Technology
- Assoc. Prof. Dr. Masataka Sunagawa, Physiology, School of Medicine, Showa University (Japan)
- Prof. Dr. Cyuzo Tanaka, Meiji University of Integrative Medicine (Japan)
- Part-time Lecturer, Dr. Midori Furukawa, Institute of Geriatrics, Tokyo Women's Medical University (Japan)
- Part-time Lecturer, Dr. Heiichi Yano, Kaken Hospital; Former Assistant Prof., Faculty of Medicine, Pulmonary Medicine, Tsukuba University; Former Assistant Prof., Dept. of Internal Medicine, The Jikei University School of Medicine (Japan)
- Part-time Lecturer, Dr. Kazuki Deguchi, Gifu Pharmaceutical University (Japan)
- Part-time Lecturer, DDS, Hiroshi Fukuoka, Jichi Medical University (Japan)
- Former Clinical Prof., DDS, Nobuko Horiuchi, Pediatric Dentistry, Tokyo Medical and Dental University (Japan)
- DDS Yoshiro Fujii, Editorial board member of International Scientific Journal "SAVVY Science Publisher" (Japan)
- Prof. Dr. Gabriella Higyi, Health Science Faculty Pecs (Hungary)
- Prof. Dr. Zmago Turk, University Alma Mater Europea- ECM (Slovenia)
- Lecturer, DDS, Yuko Koyama, School of Dentistry, Aichi Gakuin University; Lecturer, Suzuka University of Medical Science (Japan)
- DDS, Miroslav Duronjic MSc, President Association of Integrative Medicine of Republic Srpska, (Bosnia and Herzegovina)
- Prof. Dr. Ayele Tesfaye, University of Kosice (Slovakia)
- Dr. Emil Iliev, Bulgarian Society of Traditional Chinese Med. (Bulgaria)
- Dr. Dragan Jevdic, PhD, Vicepresident Serbian Association of Integrative Medicine (Serbia)
- Prof. Dr. Taras Usichenko, Ernst Moritz Amdt University of Greifswald (Germany)

CME Points – Health Council of Serbia has accredited congress with points as follows:

| | |
|---|-------------|
| 7 th European Congress For Integrative Medicine | A-1-1332/14 |
| 12 th Biennial International Symposium on the Bi-Digital O-Ring Test | A-1-1333/14 |
| The 30 th Annual International Symposium on Acupuncture, Electro-Therapeutics and Latest Advancements in Integrated Medicine | A-1-1333/14 |

Speakers: 15 points
Oral presentations: 13 points
Poster presentations: 11 points
All delegates: 9 points

| | |
|---|-------------|
| 1 st Serbian Congress for Integrative Medicine | A-1-1334/14 |
|---|-------------|

Speakers: 13 points
Oral presentations: 11 points
Poster presentations: 9 points
All delegates: 7 points

Certificate of Attendance. Participating delegates will receive a Certificate of Attendance by e-mail.

General Information

■ Symposium Date

The Symposium will be held from Friday, 10th October, 2014 to Saturday, 11th October, 2014

■ Venue

Crowne Plaza hotel /Adress: Vladimira Popovica, 11000 Belgrade/Phone: +381 11 22 04 004
WEB:<http://www.ihg.com/crowneplaza/hotels/us/en/belgrade/begcp/hoteldetail>

■ Official Language

The official language of the Symposium will be English. Simultaneous translation will not be included.

■ On-site Secretariat

Opening hours

Friday 10th October and Saturday 11th October, 2014 08:00am - 18:00pm

Congress documentation will be available there for pre-registered delegates and for anyone wishing to register on site.

■ Before and after the meeting

Liberty International / Kraljice Natalije 35/ 11000 Belgrade, Serbia
Tel: +381 11 3625 036 + 381 11 3625 037 / Fax: +381 11 3616 096
E-mail: ecim2014@liberty-serbia.com

■ Name Badge

A name badge is provided with your registration documents upon arrival at the conference centre. For security and regulation purposes, the wearing of the badge is compulsory at all times inside the conference center and all official events organized within the context of Symposium. You will be asked to show it at each meeting room entrance and exhibition area. A 20 € fee will be applied for lost badges.

■ On Site – Methods of payment

On site payments can be made in cash in local currency.

■ Delegates Registration Fees includes

Admission to the scientific sessions and satellite session, congress bag with scientific materials
Congress badge, admission to exhibition, coffee breaks during the congress, lunch voucher and certificate of Attendance

■ Registration Fee for Accompanying Person includes

Admission to Exhibition

Late registration fee will apply for the forms received after 30th June 2014. Registration received after 30th September, 2014 will be processed as on site registrations

■ Registration, Confirmation, Cancellation & Legal Conditions

Registration will be confirmed upon complete payment of registration fees. Deadline for early registrations is 30th June 2014.

Registration on site is possible during the entire Symposium within the opening hours of the registration counter.

In case of cancellation of participation until 31st July 2014 registration fee will be refunded deducting a handling fee of 20 € per person.

After 30th July 2014 there will be no refund for registration fee. For name changes a handling fee of 20 € will be charged. If you have any special requests for processing of your invoice, kindly let us know when returning your registration form. We will charge 20 € for the rewriting of the invoice.

■ Opening Ceremony and Welcome Cocktail

The Opening Ceremony of the Symposium will take place in National Theatre from 19^h on Thursday 09. Oct.

General Information

■ Cash Dispenser

Cash dispensers are available in the reception lobby of the CROWNE PLAZA HOTEL.

■ Parking

A car park is available for visitors of the Crowne Plaza hotel.

Parking fee is on participant's expense and will be paid directly to the parking representative. There is no parking place for trucks or other big vehicles.

■ Wireless internet access

The entire exhibition area and central foyers will be a hotspot for wireless internet access. Exhibitors are able to log on free of cost.

■ Useful information

Taxi transfers: Taxis are available at the airport. One-way transportation is 2.000 dinars (18€)

Transportation between city centre, hotels and venue

There will be no shuttle service organized by the Symposium from the official hotels.

Tipping

All restaurant prices and taxi fares include service, but good service in the restaurant can be rewarded with a tip. Tipping is at guest's discretion.

Currency and credit cards

The currency in Serbia is "dinar" RSD.

1 EURO is currently worth 116 RSD - 01.07. 2014. Foreign currency can easily be exchanged in the banks and exchange offices. Exchange rates are announced daily.

Major credit cards are accepted by most hotels, restaurants, supermarkets, and shops.

Time zone

Local time GMT + 1 hour.

Climate and clothing

Serbia has a moderate, continental climate. The average temperature in October is 15°C –25°C. Although rainy and windy days may occur, appropriate clothing is recommended.

Passports & VISA Requirements

For residents of EU Member States and USA no visa is required. Residents of other countries, please contact the Embassy/Consulate of Serbia in your country to get information about visa requirements.

Electricity

Electricity supply in Serbia is 220 Volts (50 Hz) and wall outlets are according to the European standard (CEE 7/4) with two pinplugs. The standard two-pin Euro plug (CEE 7/16) can be connected to these outlets.

Disclaimer

The European Society of Integrative Medicine and the PCO (Liberty International) are not responsible for any damages/losses of any kind which may occur during the 7thECIM to the participants or person/persons accompanying them, both during the symposium activities and the trips/tours. Participation is at the person's own risk. The participants are advised to make insurances against losses, accidents, or damages that may occur during the Congress. Verbal agreements will not be binding unless they are confirmed in writing.

Useful Phone Numbers

International code for Serbia: + 381/International calls from Serbia: 00 – Country code – Phone number/Emergency number: 112

Excursion and Optional tours

■ General information

Belgrade, the capital of Serbia, is the third largest city in South-eastern Europe after Istanbul and Athens. Just over 1,700,000 people live in it. Belgrade is the city of youth. More than 40% of its citizens are between 15 and 44 years of age. All citizens of Belgrade love to talk of the spirit of the city. Open and ever ready for fun, many Belgraders will claim to be true hedonists - and many of them really are—knowing all there is to know about good food, wine and music. The citizens of Belgrade like all sorts of things: pleasant conversations and long walks, drinking their morning coffee or days off work, they also love it when they find freshly baked warm bread in the local bakery. They like being in motion and therefore the streets, walkways, cafes and restaurants are always filled with people. **More importantly, Belgraders like everyone, so get to know Belgrade by getting to know Belgraders!**

Excursion and Optional tours

■ Panoramic and walking sightseeing tour

***Kalemegdan→The Victor→Church of the Holy Mother→Ruzica→Neboisa Tower
→KnezMihailova Street→Republic→Terazije→St. Sava Temple***

Belgrade, was a target of conquerors for centuries. It was ruined and rebuild almost 40 times. We offer you a unique opportunity to compare variations in culture and architecture in different parts of Belgrade under Austro–Hungarian Empire, with those under the rule of Turkish Ottoman Empire.

3 hours sightseeing including walking tour and bus tour with all entrance fees included and English speaking guide:

25 € per person

Minimum for organizing excursion 25 persons.

Excursion and Optional tours

■ Half day excursions:

Roman Military Camp

Visit to **Viminacium** – a major city and military establishment of Roman Moesia from 2nd century A.D. The Empire awarded the colony status that allowed the city to mint its own coins and grant Roman citizenship to its inhabitants. Numerous graves, impressive frescoes showing vast wealth of Viminacium inhabitants were recently discovered on the necropolis of this ancient town.

Price per person 35 €

Minimum for organizing excursion 25 persons.

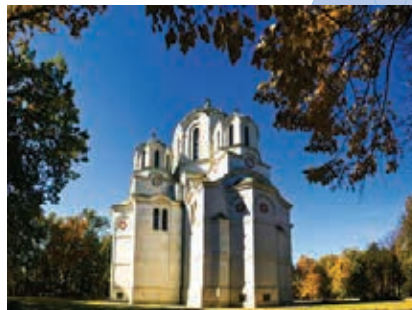

Royal Mausoleum

Topola is a town in the very heart of Sumadija, in the vineyards area, known for the world famous wine production. This town was the center of many historical events. Visit to the town of Djordje Petrovic Karadjordje – the leader of the Serbs during the First rebellion against Turkish occupation and a memory complex devoted to him. Famous mosaics in the Church and in the crypt are the best achievements of fresco painting in Serbia. The relics of the Karadjordjevic dynasty are placed in the crypt.

Price per person 35 €

Minimum for organizing excursion 25 persons.
