Welcome

Dear colleagues and congress participants,

Welcome to the 3rd European Congress for Integrative Medicine that takes place together with the 3rd German Congress for Integrative Medicine under the motto "The Future of Comprehensive Patient Care". The congress offers an innovative platform for medical practitioners and healthcare professionals as well as scientists, sponsors, and health politicians. The aim is to actively influence the development of the best possible health care. Besides internationally renowned experts in the field of Integrative Medicine medical practitioners from outpatient and inpatient settings are invited to participate in a lively exchange of ideas. Integrative medicine combines conventional Western medicine with complementary methods of treatment such as naturopathy, homoeopathy, and acupuncture.

The topics of the congress are characterised by the interdisciplinary cooperation which reach beyond the traditional approaches of medicine.

The 2nd European Congress for Integrative Medicine in 2009 was another step to further establish Integrative Medicine. More than 1,000 participants were involved over 3 days in a lively exchange. Excellent speakers, high quality contributions and a fruitful networking of science and medical practice were ideal conditions to continue the congress in the future.

More than 600 scientists from various areas of expertise, medical practitioners, as well as health policy officials from 26 countries were discussing the future of optimal health care, which can essentially be ameliorated by expanding Integrative Medicine. For this reason we invite you once again this year to obtain an overview of the current state and the possibilities and future regarding optimal patient care.

An „Open Information Day“ held on December the 5th will give all interested members of the general public an opportunity to meet and discuss with the medical experts.

We are very grateful to the cooperating scientific and clinical societies and to the work of abstract reviewers for developing an attractive congress program, and we would like to wish you successful, amicable, and inspiring days in Berlin.

■ Media Reception

Papers for the 3rd European Congress for Integrative Medicine 2010 will not be accepted unless presented in the form of a PowerPoint presentation. Equipment for projection and computers are available in every conference room. Please save your presentation either on a USB stick or on a CD-ROM, and bring it to the conference. Your presentation will be copied to the notebook computer in the conference room before the session starts, and it will be deleted after the event. We cannot give any guarantee for the successful playback of presentations which include embedded videos. In every case, please ask the assistant personnel in the conference room 15 minutes before the start of your session.

Please note: In order to avoid delay in the order of events, the use of personal note books is **not** allowed.

■ Internet Access

A free WLAN internet access will be available during the whole congress for you. You can obtain further information at the participant registration at any time.

Continued Medical Education Credit Points

The Berlin Chamber of Physicians will certify participation in the European Congress for Integrative Medicine held together with the German Congress for Integrative Medicine by granting 3 points in category B for every half day. Attendee lists will be available in the rooms used for the events for every half day. Please enter your data in one of the lists available for every half day by pasting your barcode into the corresponding field, and signing next to it. If you have forgotten your barcode, please enter your EFN number in the barcode field. No further education points may be credited if neither the barcode has been pasted into the list, nor an EFN number has been entered.

Information for Poster Authors

Accepted posters will be made available to the congress public in the poster exhibition during the entire event. In addition, a guided poster presentation will be held between 4:00 p.m. and 5:00 p.m. on December 3, 2010. Please be present next to your poster to give explanations and participate in discussions during this time. Please also observe the maximum poster dimensions: 90 cm wide + 120 cm high. A poster panel of its own will be provided for every poster, showing the poster number as indicated in the program in the upper left-hand corner. Material for fastening posters will be available in a sufficient quantity on site. No fastening material of your own is allowed. Please hang your poster when the congress starts, and remove it after the congress by the latest at 7:30 p.m. on December 4, 2010. Posters not removed will be kept by the room personnel until the end of the congress day, and will be disposed after that.

Certificate of Attendance

You receive your Certificate of Attendance at the registration when leaving the congress.
